

# GLOBAL DENTAL CARE

Multi Speciality Dental Clinic, Implant & LASER Centre

ISO 9001:2015 Certified Dental Clinic

## CROWN/CAP

Dental crowns, also known as caps, are tooth-shaped restorations that cover and encase a damaged or weakened tooth, restoring its shape, size, strength, and appearance, and improving its functionality.

**Types of Crowns:** Metal Crowns(Ni-Cr/ Co-Cr); Porcelain-Fused-to-Metal Crowns; All-Resin Crowns; All-Ceramic Crowns

**Procedure:** prepare the tooth, impression of the tooth (Conventional/ 3D scanning), crown will be fabricated in a dental laboratory, cemented onto the prepared tooth.

Dental crowns can last anywhere from 5 to 15 years or more, depending on the material and your oral hygiene habits.

To extend the lifespan of your crown, maintain excellent oral hygiene by brushing and flossing regularly, avoid biting down on hard objects or using your teeth as tools, and schedule regular dental check-ups.

Charges will differ from Rs 3000 to Rs 15500 based on your tooth condition and types of crown.

If visit the clinic will get the proper clarity
